ICR 60 PROCESS

Gotham Safety has a great deal of experience with the NYSDOL's ICR 60 Program and has a proprietary process in place to ensure your firm will receive the credits you deserve! Our process includes:

- Reviewing any existing Safety, Return to Work, or Drug and Alcohol Prevention Programs you may already have
- Making revisions to existing Programs to ensure everything meets NYSDOL specs **OR** creating your 3 Programs from scratch if you don't currently have any
- Completing all applications on your behalf that are required to be submitted to the NYSDOL
- Handling all communication between your firm and the NYSDOL
- Developing any additional information or documentation requested by the NYSDOL during the review process
- Guiding your firm through the informal site visit from NYSDOL, the last step before your credits are awarded
